

The diagram shows a square layout for a button. It consists of three nested squares: an outermost orange square, a middle blue square, and an innermost green square. Arrows point from the text labels to their respective lines. The orange line is the outer edge, the blue line is the safety line, and the green line is the bleed line. The text 'BLEED SIZE - 2.375X2.375' is positioned at the top, and 'FINISHED SIZE - 2X2 SQUARE BUTTON' is at the bottom.
